## Chalo Nitka In Moore Haven Feb. 7

The Glades County Chamber of Commerce is sponsoring the Fifth Chalo-Nitka-Festival (Seminole for Bas Day) in Moore Haven on Saturday, February 7th. The program will begin with a street parade starting at twelve noon, featuring a wide variety of home made floats—high school bands—Seminole Indians will be followed immediately by a free fish fry for everyone attending. In past years the meal has been held in the afternoon but has been changed this year to a luncheon.

Another change in the usual program will be the coronation of the Queen of the Festival immediately at the conclusion of the parade and she will reign over the festival throughout the day and will lead the grand march at the street dance which concludes the festival that evening. At the same time will be crowned the King of the Bass, the angler who is able to catch and record the largest black bass from the waters of Lake Okeechobee in the four weeks prior to the festival.

The principal event of the afternoon will be the National Championship Turkey Calling Contest, competition by a host of experienced turkey callers of the Everglades area.

## Spaghetti Supper Scheduled Feb. 21

Members of the Pahokee Business and Professional Woman's Club at a program meeting at the home of Mrs. Tommie Lee DuBose Tuesday night made plans to sponsor a spaghetti supper and baking contest Saturday, Feb. 21. Details of the contest will be announced later.

The club women came to the meeting dressed in the costumes of school children and set as a class while they were taught parliamentary procedure. Miss Bette Lou Pickett was in charge of the program.

It was announced a business meeting will be held at the home of the president, Mrs. Elsie Sims, Tuesday night, Feb. 23.

## Label Display In Kahn's Store Window

A public display of the many colored labels, all of original design, being used by packers of the Pahokee area to identify the millions of crates of Glades vegetables shipped annually to Northern markets is being prepared by the Pahokee Chamber of Commerce, according to Mrs. Bertha Orr, office secretary.

The display will be placed in one of the show windows of Kahn's Department Store. It will be of interest not only to tourists and visitors but also to local residents many of whom are unfamiliar with the bright labels which publicize Pahokee's winter vegetables throughout the United States, Mrs. Orr said.

## Netmen Looking For Victory Over Seacrest

The Pahokee Blue Devil cagers, with a 1-2 record to date, will journey to the East Coast this Friday night with high hopes of improving their conference standing at the expense of the Seacrest Seahawks.

The Devils are having a difficult time generating a scoring punch outside the orbit of their star, Guard Danny Mullis, who is hitting the basket from all angles this season. The Blue Devil B team, winner of three out of four contests so far this season, will be out tonight to continue its winning way when it tangles with the Seahawk B's.

On Saturday night the Blue Devils will entertain the Lake Worth Trojans, who at present rank second in the Suncoast Conference, on the floor of the pint-sized Pahokee gymnasium. The preliminary game between the Blue Devil and Trojan B team will get under way at 7:15. Come out and see a good game and incidentally, see why Pahokee High is in such dire need of a new and more spacious gymnasium.

## Camp Meeting

The camp meeting being conducted this week at the Pahokee Farm Labor Supply Center by the Rev. D. L. Franklin of Perry, Fla., evangelist, will end with the revival service Sunday night, Jan. 25. The evangelistic camp meeting is being sponsored by the six Churches of God of the Okeechobee District, with the Pahokee Church of God on Barfield Highway acting as host church.

### Pahokee Post Office Receipts Up 19 Pct.

Gross receipts at the Pahokee post office for 1952 totaled \$21,500.54 or 19 per cent above the \$18,090.51 gross in 1951, according to Postmaster Edward A. Jensen. Postal money orders written at the local office through 1952 totaled \$299,583.28.

The postoffice was moved during the summer from the Chastain building on Lake Ave. to larger quarters in the Bloom building on East Main St. The additional floor space permitted the installation of new sections of lock boxes and for the first time in 12 years patrons may rent boxes immediately without waiting their turn for vacancies Jensen said.

## Cinematic Chatter

By Malcolm Millar

Hello everybody! If it hadn't been the butt of a bet, John Archer might never have become a Hollywood actor, and a successful Hollywood actor at that. "I was the subject of an experiment," explained the handsome leading man. Thirteen years ago, a student in cinematography at the University of Southern California who couldn't finish because of a lack of the wherewithal, John had found it a losing battle trying to crash the gates of movieland. Then on the day his fate was to be completely changed, he wandered into a Wilshire Boulevard beanery for a snack. Nearby sat three men in earnest conversation. Soon they were observing him and more talk followed. Finally one of the party arose and came to John's table. "Want to be an actor?", the man asked. "My name is Frank Semple and I'm a hollywood agent. My friends over there are Ben Bard, who runs a successful dramatic school, and Jack Carson, the actor. Ben argues that he can make anyone into an actor and Jack and I say he can't. Would you be interested in figuring in our bet?" Intrigued by the strange offer, John enrolled at Bard's school where the latter went into action to prove his point. In three months time John got a job as a film actor in a serial called, "Flaming Frontiers." "And though I lost the bet for Frank Semple and Jack Carson, I may say that Frank has remained my agent and both have been my best friends ever since," John laughed. See you at the movies—Mal.

# aldrin

Aldrin—approved by agricultural authorities for control of certain soil pests—has established a fine record for wireworm control on sugar cane, corn and sweet potatoes.

Easy-to-use aldrin can be applied to soil in two ways:

1. Apply aldrin directly on the ground, as dust or spray, and harrow it in when preparing seed beds.
2. Have your supplier mix aldrin with your fertilizer and apply with conventional row treatment.

Using either method aldrin is applied in small amounts . . . it's economical. Aldrin gets other insects at the same time. It controls rootworm and other pests . . . is now approved for controlling wireworm on sweet potatoes.

Make your next crop a profitable one, free of wireworm and other destructive insects . . . use aldrin before planting. Your dealer will be glad to give additional information.

# This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST  
10 EXTRA YEARS**

**A**LL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

## 3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K  
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

**SERIES H.** A new current income bond, available in denominations of \$500 to \$100,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

**SERIES J.** A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72½% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

**SERIES K.** A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semi-annually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

**NOW EVEN BETTER!  
INVEST MORE IN DEFENSE BONDS!**

Farmers are losing their foreign markets at a rate which, if continued, could cause either reduced production or serious surpluses in the next few years, according to Country Gentlemen magazine.

### Highway Patrol To Have Fair Exhibit

TAMPA—An information and registration booth, to be named by members of the Florida Highway Patrol and Boy Scouts, will be a part of this year's Florida State Fair which opens an eleven-day exhibition here Feb. 3.

The booth will be located just inside the main gate and has been designed to obtain statistical information about visitors, according to J. C. Huskisson, assistant fair manager.

Out-of-town visitors who register at the booth will be given

paper ribbons bearing the name of their home states. The patrolmen will secure information from those registering and give them information and highway safety literature.

Other preparations are underway to make the 1953 Florida State Fair bigger and better than ever. Livestock and swine show facilities are being expanded, the poultry building is being replanned to accommodate upwards of 5,000 birds and the race track is being relayed to aid in staging faster and safer automobile races.

Plans likewise are going forward for the five parades which will give that many days a special

lift during the Fair. First of these is the Shrine Day parade, which will give opening day a terrific buildup. Other parades which will go to the Fair are the Armed Forces Day parade, Feb. 5; Gasparilla Day Triumphant procession, Feb. 9; the Children's Gasparilla, Feb. 11 and the Ybor City Pirate Night Fiesta, Feb. 12.

Hialeah is proving an outstanding state attraction. Although the races were not on, a total of 117,500 postcards were distributed to visitors during a 10-day period in late December. The single day record was set Dec. 28 when 23,000 cards were handed out.

## FUN AT THE FAIR

While the Midway has never been allowed to dominate the Florida State Fair which is primarily an educational enterprise, it nevertheless is part of a well-balanced exposition. Here is a sectional view of the Royal American Show midway on a busy afternoon during the last fair. The 1953 Florida State Fair opens in Tampa Feb. 3 and runs through Feb. 14.

By Garden Groups

In annual observance of Arbor Day the Pahokee-Canal Point Garden Club presented a special program on "Conservation" at the Pahokee city park Friday morning.

Mrs. Frank Friend president opened the meeting with the reading of a poem, "Resolutions for the New Year." Among the announcement made by Mrs. Friend were plans for a tour by club members of the McKee Jungle Garden near Vero Beach on Wednesday, Feb. 18. At the brief business session she named Mrs. O. R. Blaseh, Mrs. Leo Maxwell, Mrs. G. Lawton Sims and Mrs. Max Beverly on a committee to nominate new officers.

The program was under the direction of Mrs. Claude L. Shirley. Mrs. Leo Maxwell spoke on "Forest and Flame in the Bible"; Mrs. J. H. Bordeaux, "The Conservation of Florida Birds"; and Mrs. John T. Pickett, "The Conservation of Florida Wild Flowers." Mrs. Shirley ended the program with the reading of a poem, "Trees are Holy."

Following the picnic lunch in the park pavilion at noon, club members planted two flowering tulip trees on the park grounds, with Mrs. Ruth Meredith in charge of arrangements. Plans were made to plant a rubber tree near the barbecue pits at a later date.

Following the tree planting ceremony at the city park, the circle groups went to their beautification projects to plant trees. The Hibiscus Circle planted a viter altissima at Pioneer Park; the Ixora Circle, an Ixora at Ixora Park. Rotarians Hear  
"Dimes" Chairman

Charles F. (Chuck) Daly of West Palm Beach, speakers chairman of the Palm Beach County March of Dimes campaign, was guest speaker at the Thursday luncheon meeting of the Pahokee Rotary Club last week.

Introduced by Benjamin Roberts, program chairman, Daly in his talk explained to the Rotarians how the money collected in the campaign is used to fight polio and urged the full support of the club in the concerted efforts to reach the County goal of \$50,000.

Motorists should remember that they pay the cost of highway construction as well as the cost of operating their car. If poor roads increase their operating cost they are paying double what they should. The best road is the cheapest in the long run.

The dynamic Dick Pope of Cypress Gardens soon will be portrayed on the silver screen by none other than the popular Van Johnson. Esther Williams will be the heroine.

For the first time in the 40-year history of the Central Florida Exposition a beef cattle show will be held in conjunction with the annual event scheduled Feb. 23-28.

## New Heating System For Baptist Church

For years the members of the Canal Point Baptist Church shivered and almost froze during the winter cold spells as they tried to study the Bible and worship God. This year during their coldest Sunday their pastor wore his overcoat in the pulpit and the congregation froze in their seats. This was the last straw. Immediately the church decided it was time to do something about making their house of worship more comfortable. An overhead automatic gas heater was installed in the auditorium

and small gas heaters in the Sunday School rooms. Green's Fuel large underground tank has been secured. And the heat is on! Cold or hot the church will be much more comfortable for the increasing numbers who come to worship God and study the Bible. Come and see for yourself.

The 10th annual convention of the Florida Fruit and Vegetable Association will be held at the Casa Blanca Hotel, Miami, Sept. 23-25, 1953, it was announced by Dixon Pearce, president of the organization that represents Florida's \$155,000,000 vegetable and sub-tropical fruit industry.

## Miss Jeanie Chosen At Foster Memorial

WHITE SPRINGS—The living symbol of Stephen Collins Foster's immortal Jeanie With the Light Brown Hair was selected last week at the Stephen Foster Memorial by a group of distinguished judges.

Miss Marie Perkins, of Winter Park, was chosen "Miss Jeanie With the Light Brown Hair of 1953" by the panel of judges. This is the second year a search had been made to find the loveliest brown haired girl in Florida.

In the short time it has existed, the Stephen Foster Memorial has attracted national attention. Recognizing the project as a fitting memorial to Foster, the National Federation of Music Clubs, which has more than 600,000 members, this year financially backed the project for its development. Plans for an amphitheatre where programs featuring music of contemporary American composers will be heard, are also underway.
